Intro DD7DD7

## Verse 1

          G          C  
I could feel at the time  
          Am          D  
There was no way of knowing

          G          C  
Fallen leaves in the night  
          Am          D  
Who can say where they're blowing

          G          C  
As free as the wind  
          Am          D  
Hopefully learning

          G          C  
Why the sea on the tide  
          Am          D  
Has no way of turning

## Chorus

          G          C  
More than this - there is nothing  
          G          C  
More than this - tell me one thing  
          G          C  
More than this - there is nothin
