MR SANDMAN - Gob  
Cover of Chordettes  
Tabbed By Mitch Burns

This is a pretty Easy Song to play  
There are little riffs from a second guitar every once and a while  
I think it is just the first couple notes in the intro. Other  
than that this is the complete tab for this sweet song. Im not  
sure what is used for the intro but all chords are played with  
heavy distortion.
