

**Baby don't be blue**

**Gonna make for you**

**Gonna make a pie with a heart in the middle**

**Gonna be a pie from heaven above**

**Gonna be filled with strawberry love**

**Baby don't you cry**

**Gonna make a pie**

**Hold you forever in the middle of my heart.**

Baby don't you cry, gonna make a pie, gonna make a pie with a heart in the middle. (davey jones's heart!) Baby don't be blue, gonna make for you, gonna make a pie with a heart in the middle. Gonna make a pie from heaven above, gonna fill it up with strawberry love. Baby don't you cry, gonna make a pie, all my love for you in the middle of my heart.

Pie - reminds me of the pie song in "Michael," with John Travolta, written and sung by Andie MacDowell's character.
