

What Have They Done To The Rain?

by Malvina Reynolds

C / Dm G
Just a little rain, falling all around.
Em G C G
The grass lifts its head to the heavenly sound.
Am / Em /
Just a little rain, just a little rain,
F Dm G /
What have they done to the rain?

<chorus>:

C / Dm G /
Just a little boy, standing in the rain,
Em / Dm C /
The gentle rain that falls for years.
Am / Em /
And the grass is gone, the boy disappears,
F / C A7
And rain keeps falling like helpless tears,
F Dm G /
And what have they done to the rain?

C / Dm G
Just a little breeze, out of the sky.
Em G C G
The leaves nod their heads as the breeze blows by.
Am / Em /
Just a little breeze, with some smoke in its eye.
F Dm G /
What have they done to the rain?

<chorus>
